

STYLD *BY* GRACE

means to choose grace over perfection. if grace were a dress, it would be the dress that makes you feel good in your own skin. when we put on grace, we wear acceptance and let go of the need for perfection.

Hi there,

Thank you for downloading these original Styld By Grace prints. The illustrations were created by hand with lots of love by yours truly, Theresa. I hope you love them and share them with the ones you care about the most.

Directions: scroll down to your preferred print and print that page on a 8.5" X 11" sheet of paper. I recommend using card stock for these prints. Then cut along the grey line.

Styling tip: frame it with a large frame to allow enough negative space to draw attention to the details. Use it as a last minute Christmas gift for a friend or co-worker. You can also use it in your home and display it in your family room or bedroom.

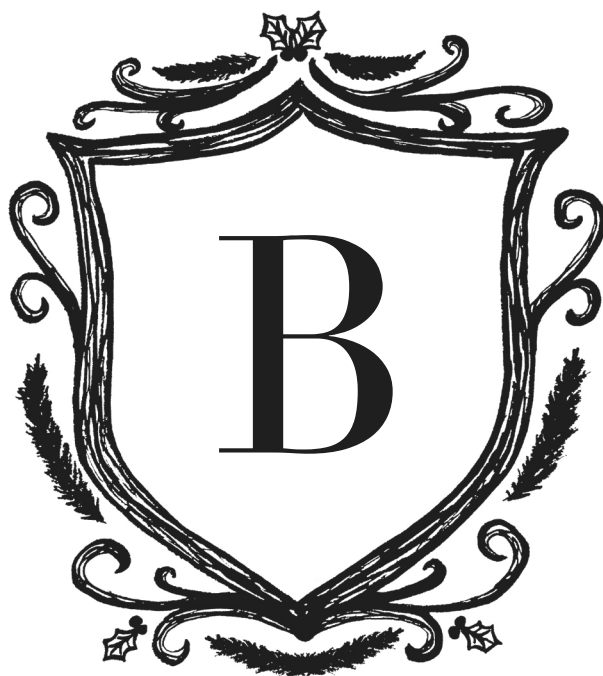

Share how you used these prints! I would love to see how you used your monogram prints. Tag me on instagram **@styldbygrace!**

P.S. These prints are for personal use only and copyright styld by grace. Any redistribution, commercial use, and sale of this image is strictly prohibited.
